NOTICE

All students of B. Tech. CSE 6th Semester Batch: 2022 are hereby informed to submit their seminar topics for the course CSE60620 to their respective batch in-charge by or before 16th June, 2025.

The seminar should be focused on current and emerging areas in the field of Computer Science & Engineering, including but not limited to:

- Emerging Technologies (e.g., Artificial Intelligence, Internet of Things, Blockchain, Cyber Security, Quantum Computing)
- Recent Advancements in software or hardware systems
- Industry Trends and Real-world Applications
- Industry 5.0 Applications and Sustainable Computing
- Any innovative and relevant idea in the domain of Computer Engineering

Along with the topic, students are also required to submit a brief one page overview or summary of the proposed topic, highlighting its significance and scope. The Students can consult with faculty members for guidance and feedback before finalising their topics.
